WHAT IS BLENDED CASE MANAGEMENT?

Blended Case Management (BCM) is a program designed to support individuals with a mental health diagnosis.

Our program works with both children and adults experiencing issues including:

- Missing mental health appointments for medications and/or therapy
- Missing recent inpatient psychiatric treatment (within past 12 months)
- Repeated encounters with crisis services and/or currently receiving or in need of additional services/resources

BENEFITS TO CLIENTS & THE COMMUNITY:

The is a supportive service in which workers engage in many activities designed to assist individuals living in community settings. This includes accompanying clients to appointments, helping clients manage day-to-day activities such as paying bills and shopping, and serving as an advocate for the clients should they require an inpatient admission to a hospital.

CRISIS CARE:

Blended Case Managers can assist individuals with practicing skills for prevention or reaction to crisis situations.

We also provide 24-hour mental health, on-call services including weekends and holidays.

REFERRALS:

If you are interested in this service you can call us at 814-723-1832.

You may also get a referral from your Doctor, therapist, psychiatrist or other provider.

ADMISSION CRITERIA

BCM services are available based on the following criteria:

- Individuals must reside in Warren or Forest Counties
- Individuals can be a child or adult
- Individuals must have a mental health diagnosis
